Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful non-fiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

We have Fuzzy Bee and Fluffy Chick & Friends, so when another mom showed up to our play date with Squishy Turtle, I knew I had to have it. While the other two books have two more pages of animal fun, this one makes up for it thanks to the crinkly page at the beginning. It is super loud and fun for my eight-month old daughter to grab and play with. She gets so excited! While it is cloth, it's more of a shiny material than the other two books mentioned above. Could be the older books have been through the wash more than a few times and are five+ years old. Who knows? In any event, I really like this book and so does my daughter.

My baby loves, loves, loves this book! The crinkle cover is her favorite part. She likes to "read" it, chew on it, and kick it with her feet. It goes where she goes!

Great learning toy for babies to touch and feel different textures.

I have been reading to my daughter since birth and in the last month she started reaching for the books that I read for her so I decided to get her some soft books. She is almost 4 months now and she definitely loves this book. When I put it in front of her she literally snatches it out of my hands, she can actually flip the pages herself. The story is cute and the colors are vivid enough to keep her attention along with all of the great sounds it makes and textures to touch. I think the book is just long enough for a baby's short attention span.

I love these cloth books and so does my 5m old daughter. I had the whole set 9 years ago with my son and was very excited to find one again. The colours are great, the textures are wonderful and I really like that it has a story so you can read it like a normal book, unlike most cloth books. Plus this company was amazing with its delivery, and it arrived in Australia before Christmas when it's estimated arrival was mid January. Thank you!!

Not the same as the original. Two pages were left out of this edition (the clam and the seahorse). Child was disappointed.

Best Baby Shower Gift! My daughter has the farm one and loved it as a baby and still is interested in it at the age of 3. Money well spent! Cute as can be too!

My son's favorite nap time comfort! Crinkle crinkle!
