The Thankful Book

Synopsis

I am thankful for music because it makes me want to dance. I am thankful for my feet because they help me run and play. I am thankful for kisses because they make me feel loved. Todd Parr's bestselling books have taught kids about unconditional love, respecting the earth, facing fears, and more, all with his signature blend of playfulness and sensitivity. Now, *The Thankful Book* celebrates all the little things children can give thanks for. From everyday activities like reading and bathtime to big family meals together and special alone time between parent and child, Todd inspires readers to remember all of life's special moments. The perfect book to treasure and share, around the holidays and throughout the year.

Customer Reviews

PreS-Gr 2-Parr explores the idea of gratitude in this picture book: "Every day I try to think about the things I am thankful for." Those "things" include personal characteristics-"I am thankful for my hair because it makes me unique"; music- "because it makes me want to dance"; nature, and so on. Readers are sure to get a laugh out of the notion of being thankful for underwear-"because I like to wear it on my head." Parr's signature illustrations employ bold outlines and bright colors and feature an array of characters both human and animal. The theme is ripe for discussion and lends itself to

extension activities in which readers create their own "I'm thankful for" pictures. Pair this book with Mercer Mayer's Just So Thankful (HarperCollins, 2006) or Greg Foley's Thank You Bear (Viking, 2007) for storytimes filled with gratitude.-Stacy Dillon, LREI, New York CityÂ (c) Copyright 2011. Dr. Seuss, Shel Silverstein...Well I've found another to add to the list: Todd Parr. Kansas CITY Star

I'm thankful to have found Parr's books. Our infant has memorized the words--even the author's name!

I wish they had this book when I was growing up. This book and other Todd Parr books teach the reader emotional lessons that are critical for anyone to develop into a functional, emotionally non reactive adult. If you are an adult and weren't prepared properly to be an adult by your parents, it's not too late- read Todd Parrs book.Always an emotional and meaningful experience for me when I read these books, they hit a lot of sore spots, but they get through to me each and every time!

My grandkids love this.

I teach a preschool yoga class and Todd Parr's books are perfect for little ones--not too many words but lots of vibrant colored illustrations to hold their attention and teach values of peace and gratitude.

This is the first Todd Parr book I've purchased but we've checked out several others at the local library...several times. Cute pictures and wonderful message (the title says it all). And we enjoy the "Love, Todd" at the end of each book.

We have many of the Todd Parr books, and I just love the positive message in all of his books. My son is 7 and still loves them as well. The illustrations are very different from any author illustrator and the multi-colored people and body parts make for a wide interpretation of the words on the page. The books are simple and short, but we come back to them over and over again. I highly recommend this one, which focuses on being thankful for different aspects of life.

I love Todd Parr books and this did not disappoint. Colorful, fun, with the right touch of whimsy. A

great segway into talking with kids about the concept of gratitude.

Parents read at bedtime. Kids request often. Mother gives examples from kids experiences to embellish narrative. Attractive illustrations. Strong binding.
