La Transformación Total De Su Dinero: Un Plan Efectivo Para Alcanzar Bienestar Económico (Spanish Edition)

Synopsis

Aquí tiene una metodología seria y directa para armar un presupuesto fuerte que usted puede seguir y soportar. Las historias de Éxito hablan solas en este audiolibro del maestro del dinero Dave Ramsey. En lugar de prometer la dosis normal de remedios rápidos, Ramsey ofrece un método atrevido y sensato para los asuntos de dinero, proveyendo no sólo la manera sino también la esperanza arraigada que eleva el espíritu para salir de las deudas y alcanzar la salud financiera total. Ramsey desenmascara los muchos mitos del dinero (y así expone los peligros del dinero en efectivo por adelantado, alquilar para ser dueño, consolidación de deudas) y ataca las ilusiones y los descarados engaños del sueño estadounidense, el cual sólo lo anima el exceso de gastos y las grandes cantidades de deudas. La transformación total de su dinero no es una teoría. Funciona todas las veces. Funciona porque es simple. Funciona porque llega al meollo de los problemas de dinero: usted.

Customer Reviews

Después de sufrir una pérdida financiera personal de una cartera de bienes raíces de 4 millones de dólares, Dave Ramsey decidió regresar a los principios básicos de las finanzas personales y ayudar a otros.

This is a great basic but motivational book to help you get better with your finances. I have read a lot of reviews of people complaining about the amount of stories in this book or that it is too basic. What people need to understand that motivation is as important as knowledge. Most people like me,

reading this book can somehow identify with some stories and realize we have a problem. The book is basic because it is for people looking to learn how to get out of debt through baby steps. I see a lot of people complain that it doesn't show them advance stuff. But if this same people can't even get out of simple debt how can they invest or do other things? By getting in more debt? This is a basic STARTING point for people who want to change their bad financial habits. Pros: Easy, motivational, and for people (like me) financially irresponsible, trying to change Cons: Not for so called finance gurus, not for investing, etc., or people with no debt (unless you want to read successful stories about people paying of debt)

Fortunately I am out of debts and me and my wife are on the step where you start saving for your retirement and creation of wellness. I always have considered myself very well structured on my personal and business finances and this book helped me even more and gave me more confidence on how we are doing and planning our financial retirements. My friend from our book club loved it. She followed in Spanish while the rest of us followed in English. Worked out well.

Lei la version en Ingles de este libro y me gusto tanto que compre una copia en espanol para mi familia en mi pais. Este libro no te da una formula magica para obtener exito financiero sino que te recuerda los conceptos que son basicos acerca de como manejar el dinero. Dave te da las herramientas para mejorar tu situacion economica y te explica como salir de tus problemas paso a paso. Si bien muchos de los ejemplos en el libro hacen referencia a la realidad en USA, las ideas se pueden aplicar a cualquier realidad.

Todo el mundo debe leer este libro. Compre su copia hoy.

Just one thing. There is no need to start searching whether this book is reliable or not. Get on the plan and start it yesterday. There will be a lot of other folks that does not simply care about their future. Please, don't be one of them. All you have for sure is that you were born one day and you will die one day. The way you want to live your life is only up to you; you are the one to decide. Two options only; miserable; or healthy, wealthy, and all those other good things that we want in life, and; overall, don't forget what our King of Peace, Jesus has said to us. --- I am 100% sure that this financial plan works. Please have me in your prays since my wife have never been used to this type

of program and is giving me a hard time. But with the Jesus help, she will understand it. I hope she does not get it to late.

Sencillo de leer y entender. Me encantan sus libros

Just like the description says, the book does show signs that it has been used before. I would not recommend giving a book from this seller as a gift because the book doesn't look "new enough". However, the book still serves its purpose of being read. I will say the book arrived before the indicated date which is great. It's a great purchase, as long as your're satisfied with some signs of previous ownership.
