Perfect Spanish Intermediate Course: Learn Spanish With The Michel Thomas Method

Synopsis

Looking for a course to rapidly improve your Spanish and fit in with your busy lifestyle? Already completed Michel Thomas Total Spanish? Take your Spanish to the next level with this acclaimed Perfect Spanish intermediate course, the perfect follow-on to the Michel Thomas Method Total Course. How does it work? During the course, you will join Michel and two students in a live lesson, learning from both their successes and their mistakes to keep you motivated and involved throughout the course. You, as the learner, become the third student and participate actively in the class. Within the very first hour you will be able to construct complex phrases by listening and thinking out answers for yourself without the pressure of writing or memorizing. You learn through your own language, so there's no stress, and no anxiety. You'll stick with it because you'll love it. Why is the method so successful? The Michel Thomas Method was perfected over 50 years by celebrated psychologist and linguist Michel Thomas. This unique method works with your brain and draws on the principles of instructional psychology. Knowledge is structured and organised so that you assimilate the language easily and don't forget it. The method breaks down the language into building blocks that are introduced sequentially in such a way that you create your response and move on to ever-more-complex sentences. There is no need to stop for homework, additional exercises or vocabulary memorization, so you progress rapidly. What's in the Course? Perfect Spanish with the Michel Thomas Method includes up to 11 hours of audio on CD and a practice CD-ROM with interactive activities and assessment which should be done after the course and as a means of review. It also includes the complete Vocabulary Builder+ 5-hour course. *Note that this course contains the same learning as the previously entitled Advanced course and previous editions of the Perfect Course. The CD-ROM is a new addition. Learn anywhere Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. Where do I go next? Insider's Spanish phase 2 Michel Thomas course is ideal for intermediate learners looking to improve their conversational Spanish, grammar and vocabulary in authentic contexts.

Michel Thomas (1914-2005) had an amazing life. Born in Poland, he spent his early years in Germany and then in France, where he studied psychology at the Sorbonne in Paris. When war broke out, he fought with the Resistance and suffered imprisonment in labour camps. At the end of the war he joined the US liberation army and later settled in the US where he established his world-famous language school. For more than 50 years he taught languages to the rich and famous and was the world's most sought-after language teacher. After creating several courses of his own, he passed on his method so that other teachers might use it too.

This has really helped my Spanish skills and it's enjoyable to listen to on my way to work!

My boyfriend uses these, he's tried numerous different CD's but he tried one Michel Thomas and ended up buying this whole pack. I was not interested in learning spanish but upon hearing these cd's as I sleep and in the car I've found myself actually knowing some words and phrases without even trying. I recommend these CD's to put onto your ipods or phones to listen to if your learning spanish, good value and teacher.

This is a wonderful review of all the Spanish verb tenses. Michel helps you create your own mental structure that links all the verb tenses easily.

This is just absolutely awful. I listen to Spanish lessons in my car, and after the great reviews of this, I bought the set. Terrible. The teacher speaks with no inflection at all -- with the exception of an overly exaggerated second-to -the -last syllable for verbs. And, he makes his students speak the same way. In addition, he provides obscure explanations for changes: "the t and the n are not strong enough to hold up the e, so it splits into two parts -- an i and an e -- when you change verb tenses." This is something I was told in the 3rd grade, but it doesn't help anyone analyze which other verbs won't have "strong" enough letters. The lack of inflection in his instruction is mind-numbingly boring. and the voices of the students are just flat out annoying. I have never heard a native Spanish speaker speak anything like this. So... will the third CD be any better? I have no idea.
