Miss Nelson Is Missing!

Synopsis

The kids in Room 207 were misbehaving again. Spitballs stuck to the ceiling. Paper planes whizzing through the air. They were the worst-behaved class in the whole school. So begins this quirky classic, first published in 1977 and still relevant today as a lighthearted reminder to show our appreciation to those we value. The students don't proffer a shred of respect for their good-natured teacher Miss Nelson, but when the witchy substitute Miss Viola Swamp appears on the scene, they start to regret their own wicked ways. James Marshall's scratchy, cartoonish full-color ink and wash illustrations are hilarious. A back-to-school perennial!

Book Information

Paperback: 32 pages

Publisher: HMH Books for Young Readers; Reissue edition (October 28, 1985)

Language: English

ISBN-10: 0395401461

ISBN-13: 978-0395401460

Customer Reviews

"Rarely has the golden rule been so effectively interpreted for children."--Booklist, ALA "If all teachers looked as goofy as Mr. Marshall makes these two, the earth would never again have a truancy problem."--The New York Times

Harry Allard is the author of many hilarious books for children, including several Miss Nelson and Stupid Family titles, all illustrated by James Marshall. James Marshall (1942-1992) created dozens of exuberant and captivating books for children, including The Stupids, Miss Nelson Is Missing!, and the ever-popular George and Martha books. Before creating his canon of classic,

hilarious childrenâ™s books, James Marshall played the viola, studied French, and received a masterâ™s degree from Trinity College. He also doodled. It was the doodles, and the unforgettable characters that emerged from them, that led him to his lifeâ™s work as one of the finest creators of childrenâ™s books of the twentieth century. In 2007, James Marshall was posthumously awarded the Laura Ingalls Wilder medal for his lasting contribution to literature for children.

I've loved this book since the 80's. I had to buy it again. It's about respecting your teacher and listening to her. She plays Viola Swamp and fools her class so they appreciate her once she comes back. I have to buy another copy for 1st grade next year. Any questions please ask and helpful votes are much appreciated, thank you.

One of my all time favorites. I have read it to my classes and to my grandchildren. It is a classic and perfect for dressing up as the main character. Little ones love the suspense and feel they "knew it" all along. Clever illustrations abound.

I bought this book because it's a classic from my youth. I remember watching Reading Rainbow when they featured this book. Well it's appeal hasn't died my kids love it!!! My kids are 18 to 4 and I am frequently asked by the younger ones that can't read it to read it again and again! A must for any family library!

My wife just remembered this book the other day. She used to read it when she was a kid in elementary school. She really wanted to get it so my son could enjoy it like she used to. He loves it too. She was so glad she could get it so easily on .

I love this book! I'm a kinder teacher and read it to my kids. Let's just say I had to get the rest of the Ms. Nelson collection.

A classic! I loved this book as a child, and now my 4 yo son loves it. Great addition to the family library.

My favorite book growing up now for my kids to enjoy:)

My daughter's favorite and my granddaughter likes it too
