Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This book should be titled "Piano OR Piano Accordion." It is not a duet book. The music is written in piano style, with peculiar notation for the accordion. Instead of writing F7 over the chord, for example, there is a little "3" that indicates this is a seven chord. I play the accordion, and was hoping for a true duet book to play with my piano friend. There are many good old standard polkas in this book, so I will keep it, but I'll probably go through and write in the chords for myself.

Very good book with the old time songs

No guitar chords. My fault for not realizing this when I purchased the book.

What can you say - Lawrence is a household name for the polkas
