Another Second Chance: God's Story

Synopsis

Imagine in your darkest moment, as you lay on death's door step; The God of the universe reaches down (in the most amazing, miraculous way) and hands you the ultimate second chance. Then does the same thing for your brother the very next day!! ALL because a stranger from a 1,000 miles away, was convicted by God to give his kidney away.... This is a very powerful book about the author's experience in facing the ups and downs of kidney disease--After playing Jesus Christ in a local passion drama for 9 years, his world is turned upside down; As he states in the first chapter, "this would cause me to question who I was, all that I had believed, and God himself." We live through Troy's journey and the emotional and spiritual roller coaster with him, but always we sense God in control of the situation-even when all seems hopeless. You will find yourself eagerly reading, in suspense, wanting to find out what happens next and how God will work. The author merely talks to us as if to friends, sharing something wonderful and awesome that happened to him; How at death's door step, he found God's Hope, Peace, and the reason for it all. "I knew all of these things happened for a reason! God revealed afterwards, the reason for the pain, was to bring Hope, the reason for the Hope was to bring the miracle, and the reason for the miracle was to write this book to share the Hope with you!!" - Troy Lewis This book really isn't just one person's story of trial - it's every one's story, because it's God's story. Through it you will learn to persevere, that what may seem like a closed door is really just a redirection to something even better. This is a beautiful inspirational book of love, struggles, Faith, and Hope. When a person is feeling down or lost in their own troubles, it will be an excellent resource to read over and over again. It'll make you laugh, cry, hope, reflect, and by the end.. Praise in victory!

Customer Reviews

Let me start this review off by saying most of you know me personally and know that I have been very sick with my kidneys for years. This book could not have come at a better time for me. The Lord knew that I needed to read this now. My best friend found Troy on line and she said you have to read this book it is just what you need right now. Well with out further a do, she sent a message to Troy asking him to send me a copy to read and review. And he gladly mailed a copy right out to me. The day I got Troy's book in the mail I also got 5 more books to review so I set out reading them and never thought about Troy's book until I went to the book shelf picked it up the next in line to be reviewed and it was Another Second Chance and I started reading it. I was in awe of this awe inspiring book. It touched me so deep. This book is such an inspiration to me that I will read it over and over again. I cried so many times reading this book, happy tears, tears of joy. I feel like Troy AKA Jesus (you will get this after you read the book) was meant to be a part of my life even if just through his book. I want all of you who love me and are a part of my life to read this book as soon as you can. You will get to look into my world a little by reading this book. If you read no other book this year PLEASE READ THIS ONE. I am crying so hard as I am sitting here typing to you all. Most of you know I don't like long reviews but I felt those of you who loved me would really like to know how I felt about this book. I am sure that you will see God on every page just as I did! You will even get to meet Jay who by the way is Troy's angel. I highly recommend this book. I give this book 5 stars two times it is such a great book. I was given a copy of this book by the author. THANK YOU TROY! Who knows maybe I will get my Second Chance

I recently learned that I have kidney disease. I was in a car accident 20 years ago. That pain has been treated over and over. I recently got a new MRI to see how my disc disease was progressing. The MRI showed cysts on my left kidney. It looked like bubble wrap. So, I was sent for an ultrasound that showed my right kidney is 38% of normal size. All this was found because of a car

accident just after my 19th birthday. God does work in mysterious ways and I am now hopeful that these synchronicities are all part of his plan.

Purchased this copy as a gift for a friend as I read and loved the book several years ago. My friend loved it also.

Although this book was an easy read it was meant to be just that. Troy came to our bookclub last night and spoke about God's story. It was very interesting to hear this story up close and personal. We were intrigued to hear about his long journey. He is a great public speaker and easy to listen too. He wants people to read this book because he wants them to understand the strength of God and he has a purpose for everyone. He wants to inspire people. I at first really wasn't sure if I'd be interested in a story like this but once I started reading it I couldn't put it down. It makes you believe in God and that he does do things for a reason. Whether this is having things fall through or letting things fall into place or putting people into your life for a reason. I would recommend this book to anyone. It's a truly remarkable read and a miracle at that.

When I read this book, I knew from the start that it was going to become a favorite of mine. Whenever I have doubts about when God is going to do something on MY timetable, HE shows it not me, but HIM that controls my life. That's how this book is. Please, please do yourself a favor and read this book. You WILL NOT be disappointed.

Recently, I picked up "Another Second Chance: God's Story" by Troy Lewis. This incredible story of a man who underwent a kidney transplant was a truly wonderful read. Troy takes the time to set the stage and explains about his life and the rare disorder that left him in desperate need of a kidney transplant in his early 40s. The circumstances that surrounded how he ultimately received a kidney and all the lives that were touched by God's divine planning is truly a testimony of the miraculous grace of God. This story was brilliantly written. I was drawn in and found myself rushing through the pages to see how God was going to move and work in this man's life next. As a work of non-fiction, it read like a fiction story and I was thrilled and excited to watch the drama unfold through all the twists and turns that God led Troy through before ultimately revealing His perfect will. Readers will be blessed and inspired by this story and possibly even called into action to step up and see what difference each of us can make in the lives of people we may not even know. Fabulous read! Kristi Burchfiel - Christian Devotional Author and Speaker

This was such an amazing story that can be an inspiration to anyone! To think what Troy had to go through and here I complain when I have a bad day with my RA (Rheumatoid Arthritis). Troy shares with us how he came to God and then he started having problems with his kidneys. This is a powerful book with many up's and down's. I celebrated when him and his family and friends celebrated. This will be a book I will keep on my Kindle and re-read it from time to time especially when I am feeling down about my health because I know my health could be so much worse. I finished it today while I was getting my six week Remicade IV infusion for my RA. What a way to end this powerful book in the doctor's office hooked up to an IV because I hate getting my infusions because its an all day thing but I won't complain anymore! Thank you Troy for allowing me the chance to read your book and review it. It has been a blessing and I truly was touched by it.

If you could give more stars, I would do so. Not real preachy but a true human interest story. Though a strong faith in God, he still struggled with fears and doubt--he kept it real. Thank you Troy Lewis for sharing this story.
