Customer Reviews

Teresa Mills is a mosaic media and painted ceramics artist.

This book is full of tile projects for all over the house. After buying this to get ideas for an outside fountain I want to build I am rethinking hand painted tiles for my back-splash in the kitchen and may do a mosaic mural instead. I also love the fish ideas and am working on incorporating them into my new tile shower cabinet.

This book had a lot of good ideas. It would be nicer to see the actual piece done in mosaic, instead of sketch.

This book had some interesting ideas, but I bought it thinking it was a book of 50 ACTUAL murals in mosaic. I was really disappointed to see they were all just computer generated patterns for mosaic. There were no photos of real projects made from the patterns. I can't recommend this book to anybody. Sorry.

Nice book, it touch me how to make the murals, show me the Projects step-by-step, colors variation, come with Panel Transfer Grid, it will help me very of my work. Its worthwhile shipping to me, in Brazil'this book.
