EMPATHY: I Am An Empath. Empaths Survival Guide: For Empathic And Highly Sensitive People. Discover Your Empathy Traits! (The Art Of Growth Book 3)

Synopsis

I Am an Empath is an empathy guide on managing emotional anxiety, coping with being over emotional and using intuition to benefit from this sensitivity in your everyday life – the problems highly sensitive people normally face. Through recognizing how to control emotions you have the potential to make the most of being in tune with your emotions and understanding the feelings of people around you. This book is different from others of its kind because it gathers information from various perspectives in order to provide a comprehensive look at empathy as a spectrum of experience; rather than a sensitive person personality trait that one simply has or does not have. I would recommend this book for empaths and therapists. There is too little understanding of the nature of empaths and for too long we've been judged for being weak. However, our presence is the hope for this planet to reach its full potential thus we have tremendous value. I wish I could have learned this at a much younger age. This book has given me new appreciation for my gift.

I am a very emotional person and I did not think that I could use it to my BEST advantage. I am an Empath is a good way to develop my emphatic side. Very strategic book!

Left me wanting more information, but doesn't a good book do that?
