Customer Reviews

Was expecting some standards... but overall the series of Real Book is put together well.

Super well formatted clear great book

Wonderful used book, I was happy and surprised at the good condition. Lots of information for music lovers who are trying to learn Jazz.

a must have...

The Classics, standards, jazz, & bossa nova are covered here in an easy to read format. Get the basics of the songs you want to do fast, then you just add the magic. The coil binding is nice also, it makes getting from one song to another quick and easy, add some tabs and you are all set.

Real cool

came on time & well packaged. Has melody and chords of many songs, and have used it a lot. I also like to section that explains percussion notation for a non-percussion musician

love these fake books
