Business Law: Text And Cases (THIRTEENTH EDITION)

Synopsis

Comprehensive, authoritative, and student-friendly, longtime market-leader BUSINESS LAW: TEXT AND CASES delivers an ideal blend of classic "black letter law" and cutting-edge coverage of contemporary issues and cases. BUSINESS LAW continues to set the standard for excellence. The text offers a strong student orientation, making the law accessible, interesting, and relevant. The cases, content, and features of the thirteenth edition have been thoroughly updated to represent the latest developments in business law. Cases range from precedent-setting landmarks to important recent decisions. Ethical, global, and corporate themes are integrated throughout. In addition, numerous critical-thinking exercises challenge students to apply knowledge to real-world issues. It is no wonder that BUSINESS LAW is used by more colleges and universities than any other business law text.

A former president of the Academy of Legal Studies in Business, Professor Cross received his B.A. from the University of Kansas and J.D. from Harvard Law School.

Better than Expected!! I am an attorney that had to take this class as part of a certificate in Finance. I was tested in areas that I have not studied in years or am not exposed to, e.g. HR, patents and trademarks, etc. Some areas are more detailed for a law student. This is an interesting book with plenty of examples, well organized, and I gave it 4 stars because it is probably more detailed than a general business student will need in the future.

Love it as much as you can for a Business Law book. Great price for a used copy. Nice and clean

This textbook would be more helpful if it was written like it was written for students and not people who already know this information. A lot of re-reading had to be done to try to understand what they were saying and this is the second business law class I've taken. There were a ton of words that I didn't know how to pronounce and no where did it explain how to say them either.

This book is great for people who have never taken any business law courses. This book is very informative and it helped me learn a lot about US business policies and legal issues. I recommend this book to anyone who would like to get knowledgeable about the law.

I needed this book for a college course. It is in good condition and was sold at a good price.

Great quality book, and definitely the best price I could find. I was concerned that this textbook would be very dry and hard to understand, but they do a good job of explaining things to make them understandable, and then gradually building your knowledge of law. While this is not my favorite class subject, this book has prepared me well for my class and helped me earn a better grade.

Great textbook. Very straightforward, of course, chapters are lengthy but Business Law is a complex subject. Terms, cases, and examples are well explained and relevant. Textbook includes helpful illustrations of how to identify the different court systems, identify information related to a case, and etc. This textbook is a bit heavier than others.

Awesome!
