Love Franklin books. Teaches a lesson and stories are relatable to young kids.

Everyone loves this adorable turtle and this story tells about how he is attached to a special blanket. Many children have special items they are attached too and this book makes it so they can relate to his character. Great series! Lovable character!

My class loves Franklin books

this book is in great condition no ripped or marked pages and i love reading it to my niecesthank you very much

My 3 year old daughter enjoys the Franklin series and reads them with us every night. It's stories she can relate too.

My toddler is absolutely in love with the Franklin books. They are beautifully illustrated and they are the perfect length for a bedtime reading. You can stop and discuss these stories with the young kid and relate them to real life behavior and they are a great teaching tool.

This book is fine...but not necessarily the message I was hoping for. I thought there might be some kind of "you'll be fine without your blanket" type of teachable moment...but no. Also doesn't help that the book labels certain vegetables as disgusting. My 2-year-old eats most vegetables so far, but starting saying "Yuck" to the veggies Franklin didn't like!

Love all Franklin books.
