Customer Reviews

PreSchool-Grade 2 "A mystery character is introduced in this fourth book about Bear and his friends. One summer morning, the cub heads out to play. He hears someone in the tree and thinks it might be his friend Mouse. But Mouse arrives and eliminates that possibility. So begins the guessing game that makes up the rhyming text as, page by page, the various woodland animals come on the scene narrowing the choices of the creature's identity. The refrain And the Bear asks, 'Who?' gives readers a heavy-handed clue, but not until the end does this shy newcomer make his appearance. Chapman's acrylic illustrations are as soft and cuddly as ever and the familiar rhythm works well for reading aloud. While this isn't the strongest of the titles, Bear's many fans won't want to miss it." "The descriptive rhyming text, is perfect for reading aloud as well as for one-on-one sharing. Kids will ask for this book again and again." These have been favorites of my kids for the last few years. My daughter knew all the words by the time she was 3 because we read it to her just about every night. Now she is 8 and will sit with me while I read it to my two year old son, who also already knows all the words. They hold up well and after 8 years are in still very good condition despite being constantly read. You can not go wrong with these easy great stories. I have purchased every book from this author and have gotten every penny out of them. I am sure my kids will be reading them to their kids at some point.

Another great book in a great series!! I love the illustrations. I read the first ones to my children but kept buying for myself. Now buy them for my grandchildren. This one they get to guess WHO is in the hole. I highly recommend theses books!!

It's not my favorite - it has some issues with flow - but my 2 year old likes it and I get to do all sorts of voices with it so it's fun. It's a good message/lesson overall. It's good for additional language development and introduces Raven, Wren, Mole, and Badger...animals that may not be as prevalent in other stories.

cute story and colorful pictures

This book is so cute.

The bear books are great gifts. They are fun to collect and easy to read for kids. They teach a lesson in each book. Great product.
