Two dozen classic dramas by some of the finest and most famous playwrights of the last hundred years--Anton Chekhov, Noel Coward, Oscar Wilde, Arthur Miller, and A.A. Milne.

I'm an aspiring writer and was looking for some example of "compactness" where I could see works that were written very tightly for maximum impact. This collection succeeds for me and I will use it as reference with my own work. Aside from that everything in this volume is quite a lot of fun. Actors will also relish this collection because it will help them polish their acting skills. The key to good acting and good writing I think is to be able to shift and make things work whether they be on the page or in a live performance. If a writing or acting artist can make it a point to keep learning from their work then I say with each successive performance their performance can improve. Now mind you, I don't mean to a point where one over-dissects or shames themselves, but rather with regard to polishing their craft.

This great collection of one act plays from some of last century's great Playwrights was just what I needed for my Stage Design class. It gave them much needed access to quality plays and a chance to see what collaborative work really means. Tho' most the plays were dated in some aspect, surroundings, idioms, cultural contexts, they touch on what all good plays and writing need, real human feelings and relationships.

Excellent choice of one-act plays.

Known classics and modern plays in one compilation... most people would have come across at least half of the contents from other books and resources.

We've enjoyed these selections as a part of a play-reading group.

Very helpful

great!

Great for school
