Customer Reviews

Good for practicing! Not exactly the same level than the real exam, but it helped me hips preparing myself. The format is pretty much the same, and it makes the concepts easier to understand and memorize. Would definitely recommend it along with other supplementary material. I was able to pass the exam on my first attempt with 81. Used along with CPAexcel review book + CPAReviewForFree + GAAP Guide Book + internet free material. The weak part is IFRS, that was extensively covered in the exam.

Great book to prepare for the CPA Exam!

Very trusty ..the package reached as described.. but one of the code's cover was opened when i received itBy the way i activated the codes normally
