## Customer Reviews

I have purchased all the stories in this series in paperback format and enjoyed all of them until I read this story. I disagree with almost all the other reviewers. It seems as though the author did not know how to end this story and made a mess of it. Then the lead in for a continuing trilogy is so old hat. Military leader who helped save the people and wants to continue to be prepared for defense against the peace loving congresswoman. This is a scheme that has been used over and over again. Author is using any means to keep the story going. Almost anyone can tell you how the future stories will be. Save your money and time. Skip the new series. I recommend against any new books that continue this story!

RECKONING. Truly a good title. The days of the final fight for humanity are here and now. Once

again, the crew of the Providence is front and center at the battle. After horrendous losses in the past few skirmishes, the once solid crew of the Providence are now on shaky ground. Can they finally get it together to prepare for this terrible fight to save humanity? Or will Captain Keye's thirst for revenge change everything. A changed man, Keyes wonders himself if he's fit for duty, or is his personal revenge tearing him and his crew apart? RECKONING is everything you would want in the final book of the Ixan Prophecies trilogy. You'll be left wanting more....

A very engrossing trilogy. Well written with interesting characters, and fast paced action. Not overly detailed in tech, which is a good thing in my opinion. The whole 3 part effort was well done, recommended.

Enjoyed it. A prelude that brings the reader up to speed on previous episodes.would help

Got 4 because it's too formulaic. Okay book to close out the trilogy.

I fitting finish to a great trilogy. Enjoyed the books. Reckoning leaves an opening for a sequel trilogy! Go for it Scott !!!

A good finish to a trilogy that I hope will have follow on books. I appreciated the way that story lines were tied up and not left hanging

Excellent and exciting reading.
