Customer Reviews

I have never found one of these tab books without mistakes and this one is the same. But mistakes in music usually stand out so use your ear and make the corrections as needed. These tablature books make learning the songs much faster then figuring out the music yourself. I can't imagine how many record albums i ruined back in the 70's & 80's trying to figure a song out by backing up the needle to hear it again and again!!This is a very good book to learn some Journey songs!

I've been a big fan of Neal Schon's guitar prowess and Journey's AOR radio-friendly rock for many years. As a guitarist, I love Neal's soaring, fluid, effortless yet powerful style. He is a true guitar hero, sometimes overshadowed by the pop leanings and power ballads of his band. If you're looking to explore the guitar techniques and absorb the well-crafted chords of some of Journey's biggest hits, this is a great book. Like all of the Guitar Anthology Series books I have seen, this is accurate tab with clear layout in an easily read format.

I wanted to learn Neil Schon's guitar parts and I believe that this has fit the bill. A pretty good book of their greatest hits.

Brand new. Just as described.

Excellent!!

Excellent book and very useful. Excellent condition!!!

It's a great start for learning some of their popular songs. It didn't have everything I was looking for though. All in all good.

I am very happy with the purchase of this book. I am a big fan of Journey and always have loved the guitar genius of Neal Schon. The tab is extremely accurate and has unlocked every blazing fast note of Neal's guitar solos.
