## Customer Reviews

"The latest in the batch of "Moon Handbooks releases proves again that Moon is one of the finest travel series around. What sets Moon apart from most guidebooks is the attention to detail, and more importantly, a respect for the topic."

This book is the best for the money--I compared it to the Frommer's guide in the bookstore, and this one has twice as much information, and covers both states from top to bottom, including some pretty unusual attractions. Great for day trips from Baltimore, too.
