New Testament Greek Listening Materials: For The Elements Of New Testament Greek

Synopsis

Since 1914 Cambridge has published *The Elements of New Testament Greek*, a best-selling textbook for scholars and students of the Bible. The original book by H. P. V. Nunn was replaced and succeeded in 1965 by J. W. Wenham's book of the same title; now Jeremy Duff has produced a new book to continue this long-established tradition into the twenty-first century. This audio CD set accompanies the new third edition of 'The Elements'. It contains the vocabulary lists, reading passages, and paradigms from the book, read aloud so as to enable students to reinforce their familiarity with the Greek alphabet and the sound of the Greek words. This will particularly benefit those students whose learning style is strongly auditory, but will enhance the progress of many others by facilitating study even when away from their books.

Book Information

Audio CD

Publisher: Cambridge University Press; 3 edition (July 11, 2005)

Language: English

ISBN-10: 0521614732

ISBN-13: 978-0521614733

Customer Reviews

'If I ever have the privilege of teaching Greek again to beginners, having used Jay, Wenham and Dobson in the past, this is the book I would recommend and use.' ANVIL

Jeremy Duff presents a step-by-step guide to learning New Testament Greek which assumes no prior knowledge of the language. This audio CD set accompanies the completely revised third edition of *Elements of New Testament Greek* which brings a century-old tradition of Cambridge learning to a new generation.

I wish the vocab were read a bit more slowly for those of us who listen in the car.

Very nice book. The book got home in the right time. The reading is good. I recommend it. I hope I can read it this month.

This book is very hard to learn the N.T. Greek. Fortunately, I found another book by Mounce that allowed me to learn Greek. However, I did learn some things in English Grammar. Just not my cup of tea.
