# Trevor Wye Practice Book For The Flute: Volume 1 - Tone Book Only

## Synopsis

(Music Sales America). This series of practice books by Trevor Wye is an invaluable addition to study for all flautists. Each book concentrates on a different technical problem covering all aspects of playing the instrument. Each book serves as a step-by-step guide with plenty of helpful exercises for all registers. Volume 1 focuses on tone-building, developing different tone colors, breath, pitch control and flexibility.

## Customer Reviews

Several experienced flutists recommended this book. I've been playing on and off for eons but had never stumbled upon it. After less than a week using this book, the improvement in my tone is remarkable. It's a lovely read as well. If the idea of sounding "purple" or "yellow" appeals to you, get this book. Even if it doesn't, get this book. If it helps you half as much as it's helped me, you'll be quite pleased.

I got it for my daughter. .i haven't heard her play from it yet

This guy knows what he's doing. All the repetition can be boring, but it gets results.

I love these exercises. I've picked my flute back up after a few years of not playing, so my tone has

been inconsistent and disappointing. When I was a student, it seemed that the focus was on getting a piece of music mastered, without much attention paid to achieving a clean sound. This is wonderful - it's helping me slow down and perfect my tone, and I'm already seeing improvement after just a few days.

This book was recommended by an online blog that I trusted and I am very thankful that I purchased it. When I start getting discouraged about my progress with the flute, I open this book and practice long tones on the low register, the middle register and the high register. And when I am done, I am back to thinking....I may just learn how to play this beautiful instrument yet!!

Great for developing tone. My teacher likes the Trevor Wye books so when I bought this she decided we could use for my long tone warm ups and vibrato practice. The exercises are taken from actual flute excerpts and solos and modified for the exercises. Keeps it much more interesting. Worth the price.

Fast shipping, good price, excellent book!

Wonderful exercises. Easy to understand. The longer exercises are melodic.
