This book was a xmas gift for my niece who is 5 year old. She loves reading froggy's books so it a

good hit.

A delightful book that my six year old grandson loves to read. Cute illustrations, easy reading for a bed time story.

My son loves the froggy books!!!

Great

Our family loves all the books in this series. We started with froggy gets dressed when my daughter was 2 and now she is 6. She was requesting more Froggy books. They are priced so good that we got her 6 more for her birthday and she loves them all!! Her dad and I enjoy reading them too! Great author and illustrations. Good for new readers too!

read to my boys when they were small, now reading it to my grandkiddos...What a great bood

Kids loved the book. It's just a disappointment that it arrived five days after the promised date. Why pay for a Prime account when things aren't going to arrive in the promised 2-day window?

Children are sure to relate to Froggy's forgetfulness, impatience, and fears. His adventures are wonderful. The repetitive text and funny sounds will encourage readers who are sure to be attracted to the hilariously expressive illustrations. I love these books!!!
