I'm trying to bring the people and events of Thanksgiving to life for my children. Our field trip to Plimoth Plantation last year quite literally brought the Pilgrims to life! This year we're doing something a little closer to home. We are listening to *The Legend of Squanto: An Unknown Hero Who Changed the Course of American History*. The CD set brings the story of Squanto alive through the amazing talents of the Focus on the Family Radio Theatre actors. Listening to the voices and sound effects helps us imagine we were right there when Squanto became a slave, traveled to Spain and then England and finally returned home to find his entire tribe gone. Just to be clear, this is not an audio book. It is a radio drama, complete with actors and sound effects. Focus on the Family Radio Theatre always does a superb job of bringing a story to life in our imaginations. I whole heartedly recommend *The Legend of Squanto*! If radio drama is something new for your children, and you aren't sure if they will sit still for it, I have two suggestions. First, listen in the car as you drive around on errands. You'll find they don't want to get out of the van! Second, give each child a blank piece of paper or a coloring book and let them draw/color while they listen. Their hands will be occupied while they quietly listen.

This Radio Theater production was excellent! This is not the reading of a book, but the acting out of a story . . . like radio stories of years ago. With 6 children ages 7 to 15 traveling together, I wanted something interesting, educational and engaging for all ages. And I wanted something worthy of their time I found it in this "Legend of Squanto". It was well done and historically accurate. The kids loved it.

Not only entertaining but historical and inspiring.

Father Gilbert Mysteries are perfect for a long car ride! If you are in the mood for a little bit of nail biting and some good fun, you will love these. They are great for the imagination too. I probably wouldn't let my kids listen to them just because some of them are a little to scary for younger ones.

I have always heard how "Squanto" helped the Pilgrims and was apart of the first Thanksgiving. But, I never really knew his life story. This 2 CD set is AWESOME!!! It has been carefully researched and Focus On The Family goes into detail about Squanto's life ( not wanting to ruin it for everyone, I won't say what happens ). What I can tell you is that it is my New Thanksgiving Tradition that I will listen to every year!!! It is EXCELLENT.

Bought these for our children for Christmas - they LOVE Father Gilbert mysteries. They are so entertaining, and of course, always family friendly. Caution for little children, as these stories have older themes (i.e. fathering children out of wedlock, murder mysteries, strange voice inflections, etc). I believe they are produced for children 15 and older, although my youngest is 9 and he loves them.

Very interesting story. I love focus on the families radio theatre. Pretty short listen. Took a couple hours.

Grandchild plays it over and over again. She was very interested in the part about Spain and how he was helped there by the priest
