Domingos Álvares, African Healing, And The Intellectual History Of The Atlantic World

Synopsis

Between 1730 and 1750, powerful healer and vodun priest Domingos Alvares traversed the colonial Atlantic world like few Africans of his time--from Africa to South America to Europe--addressing the profound alienation of warfare, capitalism, and the African slave trade through the language of health and healing. In *Domingos Alvares, African Healing, and the Intellectual History of the Atlantic World*, James H. Sweet finds dramatic means for unfolding a history of the eighteenth-century Atlantic world in which healing, religion, kinship, and political subversion were intimately connected.

Customer Reviews

[This book] will be of significant interest to specialists of the Atlantic World, particularly those of the Black Atlantic, and will likely generate lively discussions in graduate seminars.--Register of The Kentucky Historical Society[A] laudable and exemplary new study. . . . This richly detailed account will be considered among the best of a generation of Black Atlantic histories.--International Journal of African Historical StudiesSweet offers not only a glimpse into the intellectual life of the eighteenth-century Atlantic world but perhaps even an epistemological model for the struggles of our own time.--HAHRDomingos Alvares imaginatively re-creates the life of a fascinating character brought before the Portuguese Inquisition, and in so doing the book highlights the social and political ramifications of vodun-inspired healing practices and other forms of cultural diffusion linking the Bight of Benin to Brazil during the eighteenth century.--William and Mary Quarterly[An] insightful examination of the politics of healing.--Early American Literature[A] well-written narrative. . . . Sweet exposes one of the many ways in which African cultural practices profoundly shaped the

interactions between 18th-century Africans and Europeans.--Journal of African American HistorySweet's contribution to the literature is profound as he brings Africa to the center of an Atlantic historiography.--Latin American Research ReviewThis book should become mandatory reading for graduate students as well as faculty working on Atlantic history. . . . The skillful prose of this work also should be a model for other historians.--Journal of World HistoryA fine, well-constructed and cogently argued piece of microhistory.--The AmericasDemonstrates an interesting, well-written, and rigorous methodological approach to studying the commonalities of the life and politics of Domingo Alvares. . . . Sweet has produced a comprehensive examination of the African diaspora with emphasis on the Black Atlantic.--The Historian

Engage[s] and expand[s] both biological and historical-cultural approaches to colonial epidemics and medicine.--Early American LiteratureJames Sweet's fascinating narrative is a superb social and cultural history of the eighteenth-century Lusophone Atlantic world. One will read this groundbreaking, extensively researched, and imaginative book with great interest.--Luis Nicolau Pares, Universidade Federal da BahiaThis exceptionally creative, engaging, and provocative book is a tour de force of historical imagination and sensitivity and a hallmark of Atlantic history.--Joseph C. Miller, University of Virginia

This book brought to light some of the answers to questions which I have wondered about in regard to the enslavement by a world of their own people. I knew that politics and power were involved on all fronts, and now some of the why's have been answered. The connection of what I saw as completely diverse religious beliefs between Africa and the Christian world is explained in this book and the depth of African culture and its incredible strength of its religious bonds of community and unity come to light in this text.

A must read for any modern day reader or "healer" and scholars of divination and the middle passage/Maafa.

An excellent, informative work as well as a real 'page turner'. I highly recommend it.

THANK YOU SOME HISTORY OF TRADITIONAL AFRICAN HEALERS ,PRIMARY SOURCE!

First academic book I've read that reads like fiction. This one needs to be made into a movie. Great

read. Fascinating!

I learned a lot about slavery from this book. Well written, however, it seems some of the research was not as objective as it could have been.

Fantastic book for tracing the impact of the Atlantic world through the life of one man. One critique is Sweet's extensive speculation regarding Domingos' inner thoughts or feelings. Overall though, this was a very interesting book and engaging read.

Great Product
