Jean Slaughter Doty wrote over a dozen novels about horses and ponies, including *The Crumb* and *Can I Get There by Candlelight?*. Her stories have been treasured by generations of riders. Ruth Sanderson has illustrated books for children of all ages, including the first paperback covers for the entire *Black Stallion* series. She lives with her family in Ware, Massachusetts, and her favorite hobby is horseback riding.

My five-year old grand daughter and I read this on a camping trip. She loved the whole idea of a pony in the garage for a summer. It's an engaging story for little ones. Negatives are that the story has holes in it-almost as if an editor was trying to make it fit into a certain number of pages so they left out parts. I had to fill in the blanks in places. I would recommend with reservations.

My 8 year old granddaughter loved it!

My granddaughter loves this book.

Another fun read for our daughter

Grand daughter loved the story.

Christmas Gift

This book is older, written before cell phones and such. Still, it is one of my favorites from when I was younger. I was excited to see it available for Kindle, now. It is still a very good read. It is 100% appropriate for any age group. And don't worry, it has a happy ending. The illustrations are fantastic, I love how you can zoom and look at them in detail on the Kindle. The author does an amazing job with this horse story, and I highly recommend it.

Very good story. My daughter loves horses and stories about horses. Only comment on content, in the book one "rule" was never to jump without a helmet, I had to remind my daughter she is never to ride at all without a helmet. But very very good story.
