Customer Reviews

I really like this book because it is cute nice and turns.out that creepers aren't that evil main point being great book thx for reading my review

[illegible]

Not exactly scholarly writing, but the books are cute, and my son loves them.

This is definitely the best creeper diary I have read so far. I buy books from "Diary" because I know that this author provides consistent, quality work. I know that love, care, and time goes into each one of these. Not a single book I have read from this author has been neglected or rushed. I know that I can feel proud when I buy this for my nephew because I am not the only one who can tell a difference in the quality between the majority of books out there and books from this author. My nephew's face lights up every time I tell him this author has released a new book. To me that is worth much more than the meager \$2.99 I shelled out for this book, it is priceless.

One of the best creeper diaries i've ever read before . I mean whos heard of a creeper who can build and explode a whole biome . No One right . I would highly rate this book 5 stars . O yeah Wesley is such a jerk . Thank You for readin this

This book is about a creeper who was a wimp. But soon enough he was so popular he couldn't get to school on time! In this book you will see how he got so popular in the first place.

My 10 and 7 year old could not put this series down so I will give it 5 stars.

this is a great book and it was lucky he won theÃ¢ÂÂ Opps I almost gave it away but anyway at least he won the creeper thing. Opps gave away to much now I will not talk so by!

I have to say this book is pretty good seriously please read itright now it being #3 in all the books I've read by "books kid"
