Just what I needed.

I love to snowshoe, so I got this book in anticipation of a snowy Maine winter. It has some wonderful ideas of places to go for a satisfying snowshoe trek! It gives good directions, has topo maps, and also gives tips on the level of difficulty. It tells you the scenic highlights of each trail, whetting your appetite for each & every one. There aren't enough weekends in a Maine winter to try them all! It even offers info on nearby motels and grocery stores (so you can pack a lunch). Looks like it offers a lot of information for the cross-country skier, too. I've snowshoed for years, but this offers a multitude of new ideas of wonderful places to go. Now I can't wait for the first "heavy dumper."
