Customer Reviews

My son's favorite. After reading the first book, my son asked me to buy all of them. He loves these

stories. And I love the fact that my son stops playing video games and switches to reading these books.

We have read all of the books in the Diary of a Minecraft Zombie series, but this one is my son's favorite. If you haven't read the other books in the series, you might want to check them out first (starting with Book 1). You could probably read this one without having read the others, but it's better (in my opinion) if you read them in order so you're familiar with the characters. The book is written in diary style, and the chapters are broken up into days as Zombie tells you about his life. Zombie is a likable Mob and not at all scary. He has a human friend Steve (and in this story, they wind up switching bodies because of a swamp witch! Oh no!) and lots of funny Mob friends, too. My son thought it was hysterical how Zombie tried to fit in as "Steve" in the human Minecraft world. It's very creative and spins off the Minecraft game, so not everything is exactly how you see it in the game (Zombie has a family and goes to school, Steve also goes to school, etc.). The book is a quick read and suitable for 7 and up (although in this particular story, they talk about a lot of things that 12 year olds go through, like bullying and trying to fit in at middle school that maybe the young kids won't get yet. But this did not seem to bother my son!). There are some black and white illustrations/pictures throughout that my son enjoyed, too. The book is very clever and I chuckled aloud several times while reading it. The whole series is a great way to inspire Minecrafters to read. And if your child is a fan of the Wimpy Kid series, they'll enjoy the style of the book, too!

I am Aidan and I am 7 years old. All of these books are very great! I want to get book 5. I like the part when he makes a friend.

Love! Love! Love theses books for my 8 year old. He has always struggled with reading and hasn't had the interest in any books before. I can believe how much his fluency has improved, he is flying through the series with such excitement and joy! He has finally connected with reading. Thank You!!!! Please keep publishing more books.

My ten year old son is obsessed with this series. He laughs the entire time he is reading them

I got all these for my 7 years old son, he loves minecraft. The reason for us to buy them was to help him improve his reading, the books did the trick, he reads every single night without anyone asking him to do it, he is now on book number 5 and we already have 4 more waiting for him. The content

of the book is funny and appropriate for his age.

Kids love this book series have to get the whole set.

I bought the Diary of A Minecraft Zombie books for my Minecraft obsessed 10 year old daughter and she loves them! She quickly finished each book and I can't buy them fast enough! Would definitely recommend to anyone buying for a young (8-11 yr old) Minecraft obsessed child!
