I Love You All Day Long

Synopsis

Owen's anxious question prompts this heartwarming, comforting tale of how a parent's love stays with a child whether they are together or apart -- all day long.

Grade Level: Preschool - Kindergarten

Customer Reviews

If *Mama, Don't Go Out Tonight* (reviewed below) explores the fear of Mom leaving the nest, this book gently explores the idea of a child heading out to school for the first time. How will Owen the pig survive a whole day at preschool without his mother? Not to worry, says apple-cheeked Mommy: all Owen has to do is remember that she'll love him "all day long." As his mother imagines him at various points in the day ("I love you when you make a new friend"; "I love you when you march to a clang-clickity-clang" as he bangs the cymbals), Burris (Kate and Nate) presents the series of scenarios with humor and affection. She renders the porcine cast in a glowing shade of peach-a warmhearted visual foil for the bright, bold colors of Owen's preschool world. Many of the author's scenarios focus on mishaps ("I love you when you accidentally make a mess or when you can't wait for the bathroom"), but overall, the volume sends a reassuring message that parents love their children even while they are apart. As for the young hero, his pudgy physique and extensive repertoire of expressions makes him a credible stand-in for any human youngster with start-of-school anxieties. Ages 3-5. PreSchool-K-When a little pig worries about heading off to school for the day, his mother reassures him that her love for him goes everywhere he goes. "I love you all day long," she says. "I love you when you make a new friend.- or when you make a mistake." She conjures up all the triumphs and trials of the day, and the pictures, placed on ample white space, show the piglet burping at lunch, tripping over his shoelaces, singing "Itsy Bitsy Spider" all by himself, and feeding the fish. And at the end of the day, she says, "I love you when you fly into my arms and when you hug me as tightly as you can. I love you all day long!" The bright, expressive illustrations and the spare text work well to bring the reassuring message home. Shelley B. We bought this and "the Berenstain Bears Go to School" for our three year old who was quite apprehensive about his first few days of preschool. I feel they helped quite a bit. He had one rough week and then was fine, no tears no problems. I like this book especially because it goes through a typical preschool day which can be helpful for a child who doesn't know what to expect. If you found my review helpful, please click below!

Bought paperback but flimsy since the book is so thin. Easier to read if smaller pages. Otherwise great book!

This is such a sweet book with great illustrations. I have been reading it to my son since he was 18 months old and about to start daycare. While I can't say that the book has helped with the separation anxiety when I drop him off at daycare, I do know that he loves to read this book because now at 23 months old he repeats "all day long" when it appears in the book.

The book arrived on time, and it was in great condition. I highly recommend both the seller and the book. The recipient of this children's book loved it.

We've used the saying. "mommy/daddy loves you all day long", when leaving in reference to the book and our 23 month old gets it. Good story for young ones, to help figure out them figure out grown ups come back.

My toddler LOVES this book. I'm not sure if it has helped with the transition to daycare, but it definitely reinforces the message that we love her no matter what. I recommend this for nightly bedtime affirmations.

I got this book because I have started to take my son to day care two days a week and wanted a book to read with him that let him know that even when I'm not with him, I love him all day long. This is such a sweet book! We love reading it!

This is a super sweet book. My three year old seemed to appreciate it and she was able to follow the story. I bought it around the beginning of preschool so that my daughter could get used to the idea of me being away from her... but remembering that I am coming back and I love her whether we are together or not.
