My grand daughter received her package today and she loves this book. I added this book because I bought her the Barbie Mermaid doll that lights up and thought it would be a good addition to go along with the Barbie. I was right it was perfect. She told me she cannot wait to read tonight before bed time.

I purchased this storybook as a little extra gift to go with the mermaid swimsuit and tail for my little 7 yr old granddaughter's birthday. Needless to say, she loved the book....this is a little more advanced for a 7 yr old as far as reading on her own, I read it with her and she loved the story. This product arrived on time as promised.

My book arrived bent and with the binding coming apart. It arrived in a box with other books and light weight toys. Nothing heavy enough to bend and tear the book. The story looks cute enough just not pleased with the quality. It was inexpensive enough that it's not worth the effort of returning

for a replacement. Just be warned the quality might be lacking.

My granddaughter picked this out and when she really loved it. She keeps it with her all the time. She is 6 years old.

It is a gift for my great-granddaughter. I am sure, being a Barbie mermaid fan, she will love it.

Nice little Golden Book

Cute Book

Ok book--not great
