The story is short, but it is colorful and cute. It's just a shame that the felt material is only on the

cover of the book. Would have been nice to have the felt fabric on the animals inside the book as well. But overall it's a decent purchase and good for a little one.

Cute book that my 16-month old daughter likes, but with four pages, it's a little short.

My 6 year old nephew requested this book after reading "Itsy Bitsy I Love You" at my mother-in-law's. Both my nephew and my son (almost 2) love this book! My nephew likes trying to read it, and the easy rhyme and colorful pictures help him figure out the words so he feels like a successful reader. My son likes to act out the words as we read, and he enjoys flipping through the book to find the different animals.

Cute book, perfect for daughter.

Great book. Great for teaching animals to young kids.

My child loves to read this over & over. Super cute.

Great little book, cute and sweet. It's the 3rd we got in these series. It's sturdy, bright and already much loved.

My granddaughter loves to have this read to her, and I love reading it as well.
