Spiritual Liberation: Fulfilling Your Soul's Potential

Synopsis

Michael Bernard Beckwith, the dynamic spiritual leader who touched millions of people in *The Secret*, and through the spiritual community he founded -- the Agape International Spiritual Center -- is now sharing his transforming central message, a process he calls "aspiring toward spiritual liberation." Michael Beckwith teaches that inner spiritual work, not religiosity or dogma, liberates us. He draws on a wide spectrum of ancient wisdom teachers such as Jesus the Christ and Gautama the Buddha; contemporary spiritual luminaries Thich Nhat Hanh, Sri Aurobindo, and the Dalai Lama; and Western contributors to the New Thought tradition of spirituality such as Emmanuel Swedenborg, Walter Russell, and Dr. Howard Thurman to create a profound new belief synthesis. Spiritual Liberation can be included during meditation or prayer. Each chapter includes an affirmation, which distills its core concepts into a sentence or two for the listener to easily practice throughout the day. The core concepts of Beckwith's teachings are cohesively conceived, and convincingly stated, and bring together insights from a range of spiritual paths to form a coherent practice that is neither Eastern nor Western, but spiritually global. Regardless of their belief system, listeners will find it impossible to finish *Spiritual Liberation* without at least a few "Aha!" moments.

Â ª My central message is not about religiosity or churchianity. It is about aspiring toward spiritual liberation, which I define as becoming free from the narrow confines of fear, doubt, worry, and lack, and living instead from a conscious awareness of oneÂ ªÂ™s Authentic Self, oneÂ ªÂ™s true nature of wholeness. Spiritual liberation results from discovering and expressing the intrinsic qualities of enlightened consciousness that have been ours since the moment we came into existence. Simply put, all that is required to live up to our highest potential is already inside us awaiting our conscious activation. Living up to our potential is about becoming more ourselves, more of who and what we are as awakened beings, a central theme you will encounter throughout this book.Â • Â ª WeÂ ªÂ™ve all experienced how discipline sometimes causes an automatic rebellion or resistance within us. We donÂ ªÂ™t like the energy around the word discipline, perhaps because of the place it has occupied in our upbringing, education or religion. However, a healthy view of discipline keeps us on track in areas of our life where weÂ ªÂ™ve determined to make a change. Discipline is a practice of self-love, self-respect, and surrender that results in freedom.Â ~ Michael Bernard Beckwith from *Spiritual Liberation* Reverend Michael Bernard Beckwith is *easily* one of the most electrifying and energetic people IÂ ªÂ™ve ever seen. He lights up the transdenominational church he founded over 20 years ago (the Agape Spiritual Center) every Wednesday and Sunday and if you find yourself in Los Angeles I HIGHLY recommend you check it and him out!Â ªÂ™m excited to share some of the Big Ideas:1. Discipline - Leads to blissipline.2. Tyranny of Trends - LetÂ ªÂ™s get free!3. Positive-Negativity - Can you see it?4. DonÂ ªÂ™t Wait. - Participate, risk, grow!5. Burning Bagels - And

mistakes.(More goodness--including PhilosophersNotes on 250+ books at <http://www.brianjohnson.me>)

I visit Reverend Michael Beckwith's Spiritual Center regularly, and have the privilege of seeing him speak in person. I love his teachings and his uplifting messages, and this CD program is one of his finest! His words and the truth behind them have a way of waking up your spirit and making you see your infinite potential and ability to transform your life into the person you were born to be. Believe me, you will want to hear this over and over again because it is that good. It's well worth the investment and time.

Having known him for about half my life, I was very pleased to see that he had a book out and not only did I read it cover to cover as soon as I was able to....I carry it with me everywhere so I can refer to often to re-read passages so I can keep them fresh in my mind/consciousness. Having known him personally and interacted with him on a personal level several times over my life, I can truly say that his voice is truly expressed in every word of the book and having seen him give countless sermons, guest talks or appearances and see how he has interacted with his kids; with every word that I read I can hear every inflection, mannerism and connotation of his ultimate positive vibration is carried within these pages and as if reading from his personal journal. There can never be enough said about a great book and the Rev/Dr Beckwith. More then happy to express my gratitude for the book, the man and the spirit he channels in all he does.

One of the best books I have read in a long time. So good that he gave you practical advice for almost anything to resolve emotions for yourself. I was delighted that he wrote a chapter on Dark Night of Soul. I had been going through a crisis a year ago and this chapter helped me gain a completely different perspective. His meditations are wonderful. I originally bought the Kindle edition, but had to have a paperback copy to sit and do his meditations.

I have read Tolle, Ernest Holmes, Troward, Emma Curtis Hopkins, Joel Goldsmith, Howard Thurman, OSHO, the bible, Lao Tzu, the Gita, Pema Chodron, Robert Thurman, Course in Miracles, + .This book is THE NEW TEXTBOOK on spiritual principle written in today's vernacular to the NOW consciousness that has awakened through out the planet. Spiritual principle doesn't change, Michael is writing about ancient wisdom to today's audience. The message is LOVE always, gently reminding us that it is our inner work that creates what we see in our "exterior life." Different than

Tolle in that Michael stays in absolute principle while giving very practical tools to use in spiritual practice. It's like the Tao Te Ching and Confucius-ism combined! This book stands the test of time.

This book opens your consciousness to the spirit within you. Liberation is in understanding its concepts and surrendering to your Source.

Life-changing. Hands down the best spiritually cleansing self-help book I've ever read.

His words are such an inspiration for the soul.
