# The Fabulous Book Of Paper Dolls: A Book With 6 Paper People And Piles Of Perfect Punch-out Clothes

## Customer Reviews

I bought this paper doll book for my daughter who is three years old. It was and still is a huge hit. She plays with the paper dolls, clothes, and accessories for hours. I love how well-thought out this set is. There's a "closet" pocket and "drawers" for all of the pieces. It's great for her little hands to pop out the clothes and stick them on the dolls. My son plays with it sometimes too because it comes with a couple of boy dolls. I have to give it five stars because it is a truly creative and educational toy, but I think four or five or older is probably a more ideal age than three because it is difficult to get the paper off the double-sided tape pieces for my three year old. I can help her, which is fine, but she will be able to do it herself when she's at least a year older.

I really liked this book. It has clothes for different seasons and sets in the book like the black or a winter scene, etc. the dolls are cute and the book is well made. There is a pocket in the back of the book to store everything.

FANTASTIC gift. My girls loved drawing some of the faces on and the fact that you can have dolls of all nationalities and genders was great! This is the one I should have purchased first!

I bought this for my daughter and I'm going to give it to her for Xmas. I looked through it and it's really cute! The dolls and clothes are made of tough, thick paper and it's laminated...nice and smooth. They have all different kinds of clothes and ethnicities. In the back, there are various pages for the dolls to play like a forest, etc...and there's also a closet with a flap that opens for the dolls and clothes to stay neatly tucked inside the book!

My daughter (3.5 years) loves these dolls. My only complaint is they only come with 6 dolls and although you can redress them, she likes to make a doll and keep it as is and move onto another. Therefore, we've bought this book twice despite having plenty of clothes left over. Although a kid of 3 or 4 needs some assistance to punch out things and apply the stickers, my daughter and I really enjoyed doing this project together. She's starting to be able to do some of the stickers and punch out herself so for a slightly older kid they could probably do it themselves depending on their dexterity level. If you are expecting to just give it to your 3-4 year old and have them do it alone, you'll be disappointed, but we had a great time with it.

Cute doll cut outs for kids to dress up, plus creative backgrounds for the dolls to live in! My 7 year-old twin girls loved this book. (Of course, being twins, each needed a copy of their own!).

Really cool product. Came on time, packaged well. Has tons of different clothes and accessories. Wish it had more sticky dots, only one page of them. A bit too hard for my four year old to do alone. Would be perfect in a few years.
