Rosemary Wells has created her best-loved characters in the popular bunny siblings, Max and Ruby, who are featured in more than forty books and star in their own television show on Nick Jr. She is also the author of many other books for young readers, ranging from board books to young adult novels. Ms. Wells travels widely as a well-known advocate for literacy and for pre-school education. She lives in Connecticut. Visit her at www.rosemarywells.com.

Cute. 2 year old loves Max and Ruby. The book, though, doesn't hold his attention as well as a lot of his other books.

I love these Max books and so does my two year old son! The story is short enough that it keeps his attention.

LOVE Max and Ruby!

love it

I don't know what it is, but Max and Ruby are so timelessly appealing. This board book is short with very little text, but it has enough going on with the pictures and the storyline that my daughter can spend a lot of time having fun with it again and again. I read it for her (she's 3) and she "reads it back" to me as a bedtime storybook. As a picky eater herself she identifies with Max's dislike for the egg...

The continuing saga of Max, and his antisocial behavior is documented in this book. Will Max eat his breakfast, will Max go to bed? These are the questions that keep us up at night.

I wasn't certain my daughter would like this one (she's two) but the pictures are entertaining and when I read with emphasis and inflection she gets a kick out of it.

My children and I shared many hours reading Max books, and others by Rosemary Wells. I think they are all wonderful and I try to make sure at least one is included in any baby shower gift.
