The Scrolls Of Zndaria: The Golden Wizard

Synopsis

Join Nathaniel "Nate" McGray, the fifteen-year-old son of the king's woodsman, on an unforgettable adventure. He is determined to be the first peasant to become a wizard in the magical world of Zndaria. Wedged in a sticky spot, Nate is saved from the town bullies by a mysterious elf named Blinky. Together, Nate and Blinky embark on a journey to the Halls of Magic. Along the way, they encounter vicious Dread Vikings, deadly bounty hunters, and a deranged beast. Just as Nate begins to learn magic, the Infinite Wizard and a devilish army attack his kingdom. Will Nate become a wizard? Can he save his kingdom? The story unfolds in the first of the Scrolls of Zndaria, The Golden Wizard.

Grade Level: 3 and up

Customer Reviews

"Scrolls of Zndaria has a fabulous cover. It's gorgeous, rich with action, and has an excellent back cover blurb to entice the reader. The embossed font is stunning. Internally, the story is really well done with only minor errors in the text. . . . Absolutely love the art on the first page of each chapter. Engaging and entertaining for the reader. The writers should continue writing . . . Beautiful work." - Judge, Writer's Digest 21st Annual Self-Published Book Awards --This text refers to the Hardcover edition.

We wrote *Scrolls of Zndaria: The Golden Wizard* because we wanted children to know that anything is possible. Nate wants to be a wizard in a world where only nobility are selected to study magic. He is a peasant. He is bullied and ridiculed by many of the children of the town's nobility. Even his parents tell him it is a foolish dream. He must overcome this intolerance in order to accomplish his dream. *Scrolls of Zndaria: The Golden Wizard* is the first in a seven-book series. The next four books each introduce a new hero that will join Nate. Each book presents a different set of challenges that, just like in real life, each hero must conquer in order to complete their personal quests. The final two books require these five unlikely young heroes to overcome prejudices in order to work together as a team if they are to save the world of Zndaria. --This text refers to the Hardcover edition.

A book for all ages written for younger readers but enjoyable to all. A fantastical journey into the land of Zndaria where the heroes learn to face challenges in a mystical world but learn lessons adaptable to real life through their journeys. It deals with bullying, class discrimination, and overcoming the injustices of the world all while flying on a pegasus. The characters make friends with elves and deal with gnomes, mothers, and brothers. The tale is well written and easy to read while retaining a depth of meaning hard to find in children's literature. The characters are well developed and spring to life with an allegiance to their personality and age. This book is just plain fun with hidden secrets to coping in a not so normal world. *The Golden Wizard (Scrolls of Zndaria Book 1)*

This book was free, so I thought I'd give it a try. It was incredible! I loved the characters and it was very well written! Yes, the story is an old one where boy wants to be wizard but for one reason or another is not allowed, but this story has a very good plot with parts that make you laugh, cheer and even sadness at times. I do hope there is more from this (technically these) author soon because I am already wrapped up in Nates story and want to find out how he does in the Wizarding world!

The book is an interesting story but some parts of the book seemed kind of boring. My sister kind of liked it but she complained that it was a bit weird in a bad way.

This was a really good fantasy book. It has great characters and a pretty good story. It was a pretty fat read because once I started reading it I could not stop. Can't wait for book two.

This mixture of Harry Potter, 'Leven Thumps and Lord of The rings is fun for kids from 9 to adult. Great images, lovable characters and an ending leaving you wanting more.

I bought this book for my granddaughter but decided to read the e-book also. I loved it!! Great story that keeps the reader on the edge of their seat until the end.

I absolutely loved this book!!! After reading the tales of Nathaniel McGray (the main character) for myself and realizing it was a good, clean and uplifting story, I gave it to my Boy Scouts to read as part of a Merit badge project. They absolutely loved it!!! It's an easy read, which keeps you captivated. The authors have truly created a wonderful reading experience with many different action-filled adventures, involving new creatures, governments, spectacular environments and of course...lots of magic!!! It is a very similar experience to Harry Potter, Fablehaven and Leven Thumps..."Scrolls of Zndaria" transports the reader into a place where appearances are not always what they seem, evil exists, and good prevails. It captures your imagination, makes you feel as if you are right alongside Nate on the journey and allows the reader to empathize and connect with the underdog--experiencing all of the joy and heartache on this breathtaking adventure!!! Definately a FIVE star winner!!!

I really enjoyed the characters in this book. They were interesting and unique. I liked the pace the story took. Hopefully the next book will be out soon.
