Will Save The Galaxy For Food

Synopsis

A not-quite epic science fiction adventure about a down-on-his luck galactic pilot caught in a cross-galaxy struggle for survival! Space travel just isn't what it used to be. With the invention of Quantum Teleportation, space heroes aren't needed anymore. When one particularly unlucky ex-adventurer masquerades as famous pilot and hate figure Jacques McKeown, he's sucked into an ever-deepening corporate and political intrigue. Between space pirates, adorable deadly creatures, and a missing fortune in royalties, saving the universe was never this difficult! From the creator of Mogworld and Jam! Benjamin Richard "Yahtzee" Croshaw is a British Australian comedic writer, video game journalist, author, and video game developer. He is perhaps best known for his acerbic video game review series, Zero Punctuation, for The Escapist.

Customer Reviews

Very good story! I liked the snarky writing style. Not too much, though. I want a sequel! "Jam" by the same author was very good, too. But I liked this one best.

Again, Yahtzee does a great novel. This light-hearted fare made me think about the Space Quest series and how Roger Wilco would fit in well with this universe. I'm glad that I read it.

I really enjoyed the story. One of those short books you just can't put down until you're done.

My son recommended this book to me. It was a fun read. I like dry sarcastic humor, so this was right up my alley. I listened to this in audiobook format, so it was way more interesting for me.

Look this is the first book from this author that I've read and I loved it. I am tempted to wish for a sequel, but at the same time the story was so tightly knit together and ended so well that I was let wanting to to go on. So in all its a great read, don't listen to the nay sayers who will trash it.

Funny, fast-paced and with a rich-vein of "can't decide whether to laugh or cry" cynicism this is another quality outing from Mr. Croshaw. If you dig it, I highly recommend his previous works as well.

If you love Yahtzee, then you'll love this. Funny, witty, engaging story that avoids cliches and even makes fun of many tropes. I was hanging on to every word till the finish.

Will Save the Galaxy for food is a wonderfully sarcastic tale in a well realized and believable world, this is the book that cemented Yahtzee Croshaw as my favorite author
