# Rubank Advanced Method: Saxophone, Vol. 2 (Rubank Educational Library, No. 181)

## **Synopsis**

(Advanced Band Method). An outlined course of study designed to follow the elementary and intermediate levels of any instructional method, the Rubank Advanced Methods are considered to be one of the gold standards of advanced instrumental study. The specially designed units provide a complete pedagogy:

- \* Scales and Arpeggios All of the major and minor keys are covered in the complete two-book course
- \* Melodic Interpretation Including 20+ contest level duets in each book
- \* Solo Preparation Six contest level solos included
- \* Articulation Studies Specialized for each instrument
- \* Exercises in Fingering (woodwinds), Flexibility (brass) and Sticking (percussion)
- \* Ornamentation All types are introduced
- Generations of musicians have been taught with Rubank methods join the tradition!

## **Customer Reviews**

Love the Rubank method! Very straight forward, nothing ambiguous about this method! Well priced too!

it the standard

A\*\*\*

I would prefer the lessons be grouped together. The scale studies, articulation exercises and

melodic interpretation studies are in different areas so you need to jump around, but it is a minor inconvenience. Many of the excersizes have no brakes were a breath can be taken. As one instructor suggested, cheat, leave a note out and get a breath.

Great book

This is the book I learned on over 40 years ago. I recently found Vol 1 among my old sheet music, but Vol 2 was missing, so I ordered it. I start my daily practice by going through the scales and exercises in these books. These books are still valid. I have my student on the beginning book of this series.

If you have used the first volume of Rubank Advanced Method Saxophone, then you know what the second would seem like. Everything in this book has more scale practice, duets, articulation practice, fingering practices, etc. Rubank's Advanced Method did a great job putting this book together.

I went into college music school not being a good reader. But my professor made me study out of the rubank books and wow after a year my rythms got so much better from this book. It puts all rhythms that you would see in music in these little etudes and really narrows it down for you. Such a helpful book, i will use it with my students one day. I recommend for any advanced sax player who needs a better foundation of reading
