Children's Travel - Sticker Passport USA [With 80 Four-Color, Reusable Stickers] (Sticker Passports)

Synopsis

Kids love to play with stickers and collect them. Sticker Passport is Rand McNally's twist on this popular phenomenon. With 80 full-color stickers, kids can sticker where they live, states they've visited, and places they want to go. They'll spend hours matching up state nickname stickers with states and finding just the right spot for colorful scenes of beaches, mountains, and familiar landmarks.

Customer Reviews

I was very fortunate to get a like new copy at a decent price! For some reason I thought it was a regular sized book (I didn't look at the dimensions), but this is a perfect passport size. Perfect for our cross-country trip coming up! Every page was clean and all stickers were in tact! I wish they would get these back in print again.

Great for memories

I have never own one of these books but desperately want to buy one for each of my three children. However, I feel like \$100-400 is a rip off for a paperback item that was made for children. I really hope that they reprint this item.

I agree with the previous comments. I bought this many years ago for my daughter and she still has it. I would love to get one for my grandchildren.

Price is RIDICULOUS. I will NEVER buy it at this price and neither should you! This fun little sticker booklet is great, but definitely should cost at most \$5.

I bought this passport years ago for myself the first time I traveled cross country. I wanted to by a copy for my three children and am SHOCKED to see people selling a 3 dolaar item for 100+! Are you crazy?!?!?

I heartily agree with the other reviews. We need another one for our 5th child. \$120?? I don't think so!! Such a simple thing to reprint and could benefit so many children traveling in America.

About 10 years ago we bought our Sticker Passport U.S.A. booklets. Our kids have tracked all their travel. Now it seems there is only one way to get one more for our 4th child and that is by some seller trying to turn a \$3.50 item into \$120Please do another printing Rand McNally!
