Wolfie The Bunny

Synopsis

Families of all kinds will delight in this sweet tale of new babies, sibling rivalry, bravery, unconditional love...and veggies! The Bunny family has adopted a wolf son, and daughter Dot is the only one who realizes Wolfie can--and might--eat them all up! Dot tries to get through to her parents, but they are too smitten to listen. A new brother takes getting used to, and when (in a twist of fate) it's Wolfie who's threatened, can Dot save the day?

Customer Reviews

PreS-Gr 1 "When the Bunny family finds a little bundle of joy that happens to be a wolf on their doorstep, they are smitten. Well, except for little Dot, who exclaims repeatedly, "He's going to eat us all up!!" Even her friends agree, but Dot's parents are captivated by the adorable baby he's a good eater, sleeper, and drooler, they note. As Wolfie grows, Dot's worry is compounded with annoyance as he follows her everywhere in typical little brother-style. Having to go to the store for more carrots with Wolfie (who ate them all up!) makes Dot less than pleased, and she is on guard lest he tries to eat her. The fact that Wolfie is wearing an endearing bunny outfit does not make her feel better, but it does make the bear at the market think that Wolfie would make a yummy meal. Rather than run for safety, Dot terrifies the bear with tough talk of eating him up and saves Wolfie, who thanks her by pouncing on her with a big hug. The now-bonded siblings walk home hand in hand. The text is seamlessly integrated with the illustrations and uses various fonts to good effect. O'Hara's acrylic paintings are the heart of this tale. They clearly show everyone's feelings from fear to sadness to joy to anger to love and everything in between, and there are brilliant bits of humor and whimsy added to the mix. VERDICT A great book for one-on-one sharing that's also sure to be a storytime hit." Catherine Callegari, Gay-Kimball Library, Troy, NH
