Advanced Lip Flexibilities For Trumpet (Complete Volumes 1-3)

Synopsis

Advanced Lip Flexibilities By Dr. Charles Colin. One of the most famous trumpet study books, this series of outstanding exercises was written for development of range, flexibility and endurance. The studies are progressive in difficulty and take the student in moderate stages through basic warmup procedures to exercises covering spreading intervals, expanding range and lip trills. One of the most popular of all trumpet methods world-wide.

Advanced Lip Flexibilities By Dr. Charles Colin. One of the most famous trumpet study books, this series of outstanding exercises was written for development of range, flexibility and endurance. The studies are progressive in difficulty and take the student in moderate stages through basic warmup procedures to exercises covering spreading intervals, expanding range and lip trills. One of the most popular of all trumpet methods world-wide.

Did I really need another chops book? Actually I did. The exercises are challenging but essential. I'll never be a screamer (hmm, maybe I will), but it's definitely helping my range. All the exercises are on open harmonics, occasionally calling for a fingered low major third. Not for the beginner though; even a year ago (after six years as a comeback player) this book would have scared me off, but I guess I'm ready for it. I wouldn't advise doing these exercises every day, but that's just me. This one is a must-have, along with Arban's, Clarke, Flexus, etc.

Ordered for my son. He's on the band and plays trumpet. It arrived on time and he really enjoys using it. Really good buy.

This item was recommended by my American brass instructor Kurt Thompson, Santa Monica Calif. , in order to improve my lip flexibility. After decades as a lead trumpeter in big bands my "chops" are a bit to thick and most of all to rigid. Happy Easter !! Best wishes Anders Wahlin

great very good.

Good to see this book still in print. The fundamentals,the basics are the most important. This book was instrumental in helping me. Purchased this book for a student of mine. Got here fast and in good shape for me.

Best book for beginners starting out play the trumpet. Book appeared new and arrived in good condition and on time. Thanks so much

This is a great book for a serious player. It is aimed at intermediate to advanced players. It is a great book to increase endurance and register.

well written, not another "practice" book of random studies. You should have this one!
