Customer Reviews

Founded in 1947, Hal Leonard LLC has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I bought this book and also R&B Horn Section & Funk/Disco Horn Section transcribed scores from Hal Leonard primarily to try to get some understanding of the basics of classic pop horns arrangements in the hope that it could help me to create some sort of convincing horn phrases for my own songs.. I play guitar, bass and keyboards. These books are simply fantastic. I have learnt a lot about the subject and I'm also having a lot of fun listening all those great arrangements and finally knowing what each of the instruments in the original brass section was doing.

My recent purchase of the Pop/rock horn section book was well worth it. Even though it was a used copy the condition was like new. The price was very reasonable and delivery was very fast. All in all a great transaction.
