My son is obsessed with ninjas and pirates and this book answered some of our questions quite well. We have enjoyed the companion books for the magic treehouse. They have been great "research" for a 6 year old.

These are simple, but they contain a fair amount of information. Interesting for kids. I'm not as crazy about the Magic Treehouse stories, but I really like the research guides.

Great little adventure book for my grandson.

My grandson loved it. Customer service was great.

Kids love the Magic Tree House books, and the nonfiction companions are really good. This author is great.

Every page is brimming with interesting facts about Japan, it's warriors, and it's history. Very appropriate for middle to upper elementary students.

I've been living in Japan for eight years and I didn't even know a quarter of the book! I totally recommend this book if you're interested in ninjas and samurai!

Grandson just learning to read. likes Ninjas books.
