Sara Gillingham is an award-winning art director, designer and author-artist who has helped develop many bestselling books for children. She lives with her family near Vancouver, Canada. These are so cute. The board the book is made from is pretty durable. I think if my son was a bit more rough with his books it could possibly bend, but that's speculation. What I wasn't aware of was the little hole in the back that makes the dolphin a finger puppet to play with as you're reading the book...LOVE THAT! The design in the artwork looks textured, like paper cutouts, and is bright and cheery. It's a simple story, but it captures my son, and that's what's important.

This board book is adorable! I bought it for a baby shower gift and the recipient loved it.

Cute book for a little one

Iuv these books

I got the "In My Forest" book as a gift at my baby shower and ended up purchasing more from the series myself because my son liked them so much. They books are cute, short, and colorful. Plus the finger puppet keeps him focus on the book, even at only 10 weeks old. I would highly recommend these for kids or as great baby shower gifts.

Great book however I wish there were a few more pages, even for my 7 month old. He just loves to hear my voice when I read to him.

My one year old son loves this book and several others in this series. He is a rough and tumbly boy, who doesn't want to sit and read. This is one of the few books, he likes and wants to read it several times in a row. I was worried he would rip the finger puppet off, but it's a very sturdy book.

We love these books. My daughter read her first one so often it fell apart so we had to buy a replacement for her birthday!
