Good songs, nice arrangements. Was recommended by the singing teacher. I would like the CD to have the recordings of the actual songs as well as just the accompaniments, but maybe others would prefer being able to do their own interpretations and not listen to some other singer.

This is a good basic Broadway book for beginning students in Elementary and Junior High. Three selections from Annie plus a couple of more challenging songs like Castle on the Cloud and the girl I mean to be. It says kids, but most songs are "girl" oriented.

My girls are on the young and inexperienced so maybe it will get easier to follow with the Cd, but the music book is fine for piano play.

great songs for the young singer

Book was perfect for my 10 year old granddaughter. She loved it. She is. Ow learning many of the songs she wasn't familiar with.

Great resource for younger kids. Lots of great songs.

I'm always looking for new music for my musical theatre class. There is a good selection. Some of the songs are a little high, but we are working on that. I like the fact that it comes with an accompaniment CD.

This book has a great selection with great arrangements. My students and I are enjoying it very much. Would recommend.
