# I AM Wishes Fulfilled Meditation

## Synopsis

• • • The two words I am are the name of God. As Dr. Wayne W. Dyer explains, • œl discovered while reading James Twymanâ™s book The Moses Code that the sounds you will be hearing in this CD were the result of some intense research to reproduce the exact sounds associated with the name of God found in the Old Testament, translated from the original Hebrew as I am that I am. • • • • œl turns out that specific numbers can be assigned to letters. And the tuning-fork sounds you'll be meditating to are the exact sounds ascribed to the letters that comprise the Divine name of God. This has been called the most powerful meditation tool in the history of the world. I encourage you to become open to the idea that these sounds, when accompanied by your own I am mantra, can and will provide you with the ability to live a wishes fulfilled life. •

I recently watched Wayne Dyer's latest PBS special "Wishes Fulfilled". It was absolutely amazing! I highly recommend watching it if you have a chance. He referenced this cd during the program. After listening to an excerpt, I bought it immediately and have been playing it non-stop. It is beautifully done. You can use this to meditate or just have on in the background. It is truly extraordinary. When I listen to it, I feel that every cell in my body is being filled with light and love. Highly recommended.

We received the new "I Am" - Wishes Fulfilled Meditation CD from Wayne Dyer today... He had shared a sample of the meditation with us while we were at one of his seminars last month on a Cruise from Sydney Australia to the South Pacific islands and we instantly fell in Love with it... I have been meditating since the early 80s when I learned about deep mediation via bio-feedback relaxation techniques and self-hypnosis, etc. and I have also successfully worked for several years with Bill Harris at Centerpointe using their powerful meditation techniques, however this CD takes you to an incredible level of meditation almost immediately! It is a very powerful and effective meditation aid... "I Am - That - I Am"... Give it a try... You won't be disappointed... I AM Wishes Fulfilled Meditation

Did you know that we average about 50,000 thoughts a day? That's a lot of thinking and likely the reason I've struggled with meditative practices for much of my life. Writing, painting and qigong seemed better suited for me in order to connect to that sacred space within. While I love and respect Dr. Dyer's work, I have to admit that I was skeptical when I heard that this CD was referred to as "the most powerful meditation tool in history." I was ready to put it to the test and can honestly say that there is definitely something extraordinary about hearing these particular sounds. The sounds actually cause a sensation inside of me that begins at my core and works its way through my body. I'm curious to hear if anyone else experiences this. It's similar to the feeling you get when you hold a

newborn baby. Hearing these sounds also seem to empty my thoughts without me having to try. So this has become my new practice. I am love. I am peace. And, so are you!

What can I say, the description says it all. I am, that I am, is what God told Moses his name was. This CD is technically, somehow, those words in music. I love hearing this, and meditating to it. I say "I am \_\_\_\_\_ on exhale, then inhale the 2nd "I am" like your breathing in God's healing. I chant, my mantra.... "I am perfect health, I am" Just how Dr. Dyer says to use it, it works for me!

I respect Dr. Dyer but this CD was not what I expected. I expected perhaps soft meditation music in conjunction with the tuning fork sounds. There is a woman's voice on both tracks. She hums at varying intensities and it breaks me out of my peace when I'm trying to meditate. I lower the volume but when I do that, I can barely hear the tuning forks. I find the humming disruptive.

There are two types of meditations, day and night both are 20min. long and they have wonderful sedating type music for deep meditation. I prefer this type to hearing him say uuuuummmm, it is easier on the ears and thought forms that you are trying to bring about. I do recommend this.

I would dare anyone to at least try this for a few weeks. At first didn't notice a lot of difference until I quit and then started back. As the saying goes, "Praying is talking to God, Meditation is hearing God" Give it a try!

I haven't slept in years. I decided to try this b/c I love Dr. Dyer. I am hooked! I never even hear the 2nd track b/c I fall asleep. You gotta get this if you have trouble sleeping. I can't imagine doing in the day as I would get tired I think. Something I NEVER do.
