Synopsis

Mmm, Yoko's mom has packed her favorite for lunch today-sushi! But her classmates don't think it looks quite so yummy. "Ick!" says one of the Franks. "It's seaweed!" They're not even impressed by her red bean ice cream dessert. Of course, Mrs. Jenkins has a plan that might solve Yoko's problem. But will it work with the other children in class? Now in paperback for the first time, this tender story from Rosemary Wells demonstrates the author's uncanny understanding of the pleasures and pains of an ordinary school day.

Rosemary Wells is the award-winning author of numerous books for children, including *Carry Me!*; *My Kindergarten*; the *New York Times* best-selling *Emily's First 100 Days of School*; the critically acclaimed *Wingwalker*, illustrated by Brian Selznick; *Yoko's Paper Cranes*; *Yoko Writes Her Name*; *Yoko's Show and Tell*; and the beloved *McDuff* series, illustrated by Susan Jeffers.

I first discovered the television version of this and other stories from this author; way before learning her name, that is. And, I was a big fan of that. Of course, I still really like the series.

This was the perfect book to help explain to my daughter why it's ok and special that she sometimes

gets Indian food in her lunchbox. The illustrations are amazing, and of course like every other Rosemary Wells book, the story is told in a sweet and relatable way.

Such a great little story. I love Rosemary Wells books. Her illustrations are so expressive and yet simple and colorful perfect for a 3 to 6 year old.

Gave to my daughter for her 22nd birthday- was her favorite book when she was a child.

Students will get the message that it's not nice to laugh at others for being different. A good empathy builder.

My kids favorite...even as teenagers they still love it and buy it as presents for little kids!

My 5 year old granddaughter loved it. She also loves sushi so related easily with the story.

Love it!! Right timing !!
