Customer Reviews

Looks like the pages were taken from a flat scanner. Terrible quality.

Book is very easy to read and to understand. I would recommend this book to anyone who is trying
to learn how to play Green Day.

This is some DOOKIE!!!

I really like this but not all songs are in tab form. Some of them are only in chord measure form and
the diagrams for the chords are not accurate.

Alrighty, this is a great book, FOR GUITAR PLAYERS!!! I play guitar, and this has all the

chords/solos on 1 of the best albumz ever (besides INTERNATIONAL SUPERHITS), Dookie. But I mainly wrote this review to aware you people, that this book has NOTHING about green day's stories, interviews, etc. All it has is the songs TAB, not a documentary. Hope i helped some of u confuzed people.

This book provides excellent information on the band Green Day and their awesome album Dookie. It was absolutely wonderful and I would totally recommend it to anyone and their family!
