Customer Reviews

Formed in 1981 in Los Angeles, Metallica ended the 1990s as the best-selling rock act of the decade. Their nine albums have sold more than 90 million copies worldwide, and they have proved to be one of the most popular and enduring rock acts of all time. Their latest multi-platinum album 'St. Anger' has just been nominated for a Grammy, and they will be touring more than 80 cities in Europe and North America in the summer of 2004. --This text refers to an out of print or unavailable edition of this title.

Be warned. Only has basic riffs without solos

...then this is your ticket. Lyrics are included as well; helps you find where certain parts are. Also included is a diagram of Lars' kit during this time; 2 kicks, 1 snare, 4 rack toms, 1 floor tom.

Husband loves it

It was like no solos and far lacking in a challenge ...

Bought this for my little brother he likes it pretty good helping him with his bass playing and I'm looking forward to borrowing it myself.

good

Bass lover

This is a good book for Metallica fans who just started playing guitar. It has some of the greatest hits from Kill em All to the Black Album. Be careful, it doesn't teach you to play all of the songs the same way that metallica does. This could be a problem for perfectionists. Also, it doesn't transcribe the whole songs, just the majority of the rhythm guitar. If you're not just starting out, don't buy this book, buy a "play it like it is" book.
