Bunny's Book Club is a charming book that you'll want to read with a cup of tea and carrot muffins. I love the message of the importance of books and how libraries are for everyone, told with beautiful illustrations and a book club full of adorable characters.

A wonderful tale about a bunny who wants to read and sneaks into the library at night to take home books. Soon he's bringing all his friends and they are all taking books, too. Until one morning they get caught -- book-handed. But fear not, the librarian hands them all their very own library card so they can take out books as often as they like -- so long as they start bringing them back. And bunny starts a book club for all her pals. Sign me up!

A bunny who finds a way to indulge his love of books! - What could be better than that! Playful language, a character we root for, and a wonderfully satisfying ending!The artwork is so much fun from bunny scouring the library to find a way in, to the book club banner at the end. This is a love

story for books and libraries.

The story is sweet and the pictures are so whimsical. A story about animals loving books, sneaking into a library, and how stories widens one's imagination? My 2.5 y.o. loves this book and can't get enough!

This is a darling story and the illustrations are spectacular!

This book is a must have for anyone with children. It will spark the love of books and reading at a young age, which is so important.

Thank you for this wonderful story! My entire family loved this book. Perfect gift for any reader!
