Fighting For And Not With Your Family

Synopsis

We all want to be part of a forever family, right? But why do we seem to be on our worst behavior when about what we can do to get that love at home we all sing about but sometimes miss in all the chaos of arguing, sibling rivalries, and good old-fashioned grumpiness. Using stories, examples from the scriptures, and plenty we're with our family? Why do we seem to get along with everyone besides our family? What can we do to really want to spend eternity with our family? Hank can help! In this entertaining and enlightening talk by everyone's favorite youth speaker, Hank Smith tackles the problem of family unity and talks of his trademark humor, Hank gives practical solutions to an age-old problem. (Too bad Hank wasn't around when Nephi and his brothers weren't getting along!) Isn't it time we start fighting for instead of with our family?!

Customer Reviews

I have not only listened to this numerous times with my family, but have referenced it frequently in my Beehive class. My family has picked up key advice and have been able to implement it in our daily lives. Hank Smith is able to teach us with humor. I have never been into the "self help" genre, but he is entertaining, while "sneaking" in great information. I have bought one other cd and plan to have his entire collection eventually.

HOORAY!!! This came on the most needed day. Thank you Hank, for agreeing with me and letting me kids know that I am not the weirdest mom in the world that believes that the family can and should get along. They had no idea I had popped this into the car CD player when we took off for a

road trip. HA! They couldn't leave! They HAD TO listen. We now use many of the fun phrases to get sensitive points across.

Hank Smith is a great motivating person! He helps not only our kids but us as adults step back and take a look at what we could do to make our lives more positive! We constantly quote Hank Smith's CD's! "Hey, don't crush my chips!" We have all of his cd's! Best money we have ever spent! Thank you Hank Smith!

Listening to it when we drive and my kids love it!!!

We listened to this cd on an hour long road trip with our kids and nieces and nephews. They spent the rest of the day talking about various stories they heard, but the one that stuck was, "you lie, you die!" We loved the whole cd and just ordered a 5 disc best of collection. Keep them coming.

I love all of Hanks talk. This has been one of my favorites because we could listen to it has a family and see what we could do to help our family. Hanks humor makes it fun for the kids to listen to.

My family LOVES Hank Smith talks. We have them in our car and listen to them all the time. We quote him almost daily. I have been loaning out our CD's (we have all of his) so others may hear them. They all want the CD's now. Fighting for and Not With Your Family is another great talk. Everyone should listen to it.

My family loves listening to this one. They are young, but still get the message. The best part is that my husband and I can refer back to it when the kids aren't getting along. They then remember to be kinder for a larger purpose. Thanks Hank!!
