Lot of cool designs to copy and use

It was okay i just really wanted to see more detailed work. The tribal art was cool but could have been more impressive ones in there. The best tattoos had to be the female ones, alot of detail in them

It's a pretty good book. Not 10 dollarbut ok.....now I do whatever I need to double-checkÃ¢Â to stop by the end of purple champagne

I loved the designs and it was easy to use at the use of my fingertips. I will definitely use Kindle more often.

It won't let me read it unless I rate it So this is just to read this Bullsh*t so this is it

It was ok but I would've enjoyed more unique drawings. The artwork was really good though. I give it 3 stars

Liked it but it could of had a lot more to it and maybe somebody notes on the side about shading or color.

The book downloaded but there was nothing past the introduction.
